Kunal Verma

SENIOR FRONTEND DEVELOPER | REACT.JS · NEXT.JS · TYPESCRIPT

Indore, Madhya Pradesh ✉ kunalv899@gmail.com +91 6266155742 linkedin.com/in/kunalv899

PROFESSIONAL SUMMARY

Results-driven Senior Frontend Developer with **5+ years of experience** designing, building, and scaling production-grade web applications across HR tech, fintech, healthcare, and e-commerce domains. Proficient in React.js, Next.js, TypeScript, and JavaScript (ES6+), with deep expertise in component-driven architecture, state management (Redux Toolkit, Zustand, React Query), REST APIs, and GraphQL. Demonstrated ability to lead frontend development, mentor junior engineers, and collaborate cross-functionally with product managers, UI/UX designers, and backend engineers in Agile/Scrum environments. Strong focus on web performance optimization, accessibility, responsive design, and delivering measurable business outcomes through scalable, reusable UI systems.

TECHNICAL SKILLS

Frontend	React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, Material UI, Styled Components, Framer Motion, Lottie Animations, Storybook
State Management	Redux Toolkit, React Query, Zustand, Context API
Backend & APIs	Node.js, Express.js, GraphQL (Queries, Mutations, Subscriptions), REST APIs, Microservices Architecture
Database & Search	PostgreSQL, Redis, Elasticsearch
DevOps & Tools	Docker, GitHub, Webpack, Vite, ESLint, Prettier, Postman
Testing	Jest, React Testing Library, Cross-Browser Testing
Cloud & CMS	AWS (S3, EC2 basics), Strapi CMS, Shopify, Shopify Hydrogen, Magento APIs
Design & Process	Figma, Responsive Web Design, Web Accessibility (WCAG), Agile/Scrum, Code Reviews, Technical Documentation, Cross-functional Collaboration, Team Leadership

PROFESSIONAL EXPERIENCE

Sequifi Technologies
February 2025 – Present

Senior Frontend Developer
Indore, MP

Led frontend architecture of a full HR lifecycle SaaS platform serving 500+ companies — covering hiring, onboarding, contracts, and payroll. Collaborated daily with product managers, backend engineers, and designers.

- Architected a **modular, scalable HR platform** using React.js & Next.js with feature-based code splitting, dynamic imports, and route-level lazy loading — reducing load time by **45%** and achieving Lighthouse scores of **90+**.
- Engineered an **Employee Contract Management System** with dynamic form generation, audit trails, and e-signature API integration — reducing contract errors by **65%** and eliminating manual revision cycles.
- Built a **multi-stage Hiring Pipeline** with real-time tracking via GraphQL Subscriptions and WebSocket push notifications — cutting time-to-hire by **50%** across 2,000+ candidates.
- Delivered a **Digital Onboarding Platform** with document uploads, progress tracking, and e-sign flows — reducing onboarding from 5 days to **2 days** and improving completion rates by **78%**.
- Built a **shared UI Component Library** (50+ accessible React components, documented in Storybook) adopted across 3 product teams — cutting duplicate dev work by **35%**.
- Implemented **Redux Toolkit with normalized state and selector memoization (reselect)** — eliminated redundant API calls and cut unnecessary re-renders across complex workflows.
- Integrated Stripe payments, background verification APIs, and e-signature providers behind clean service abstractions, keeping the core app decoupled and testable.
- **Mentored 2 junior developers** through code reviews and pair programming — reducing PR review turnaround time by **40%**.
- Championed Jest + React Testing Library adoption, increasing test coverage from near-zero to **70%+** across critical user flows.

Growisto
May 2022 – February 2025

Full Stack Developer
Mumbai, MH (Remote)

Owned frontend and full-stack delivery across HDFC Bank (BaaS), Kama Ayurveda (D2C e-commerce), and Dozee (healthcare) — translating stakeholder requirements into scalable, production-ready solutions in Agile teams.

HDFC Bank – Banking-as-a-Service

- Built an **Admin Dashboard & Status Management System** for banking ops — reducing manual effort by **50%** and SLA breaches by **30%** via real-time tracking and automated workflows.
- Developed a **Corporate Partner Portal** with multi-role auth, dynamic forms, and Elasticsearch-powered search — improving onboarding submission speed by **20%**.
- Integrated **Redis caching** for high-frequency API responses, achieving **sub-200ms** lookup times on large banking datasets.

Kama Ayurveda – D2C E-Commerce

- Revamped **customer auth & account management** with secure token-based flows — improving retention by **15%** and cutting login errors by **30%**.
- Built a **Loyalty & Rewards Platform** with real-time point tracking and tiered redemption flows — driving **20% increase** in participation within Q1 post-launch.
- Managed cart, wishlist, and order state with **Redux Toolkit + React Query**, ensuring data consistency during high-traffic sale events.

Dozee – Healthcare Technology

- Built Dozee's product website from scratch using **Next.js SSR/SSG** — achieving **50% organic traffic growth** in 3 months through SEO-optimized server-rendered pages.
- Integrated **Lottie animations** for health monitoring data visualization — boosting session engagement by **25%** without impacting performance.
- Configured **Strapi CMS** as headless content backend — improving marketing content delivery efficiency by **40%**.

AI Trillion
August 2021 – May 2022

Shopify Consultant & React.js Developer

Indore, MP

- Optimized Shopify storefronts for brands including Aakash Namkeen and Indian Milk & Honey — achieving **15% performance gains** through theme refactoring, script deferral, and asset optimization.
- Reduced page load times by **20%** via lazy loading, image compression, and CDN caching — improving customer satisfaction and bounce rates.
- Built custom **React.js components embedded in Shopify Liquid** templates for dynamic product experiences without sacrificing theme performance.

Parkhya Solutions
January 2021 – July 2021

Shopify Developer

Indore, MP

- Delivered custom Shopify theme development, Liquid templating, and third-party app integrations across multiple client projects — building a strong foundation in storefront architecture and performance optimization.

EDUCATION

Bachelor of Engineering – Computer Science
2016 – 2020

BM College, Indore

CERTIFICATIONS

- Advanced React.js Patterns & Performance Optimization
- Redux Toolkit & State Management Best Practices
- TypeScript & Modern JavaScript Mastery
- Responsive Web Design & Accessibility (WCAG) Standards

CORE COMPETENCIES

React.js | Next.js | TypeScript | Redux Toolkit | GraphQL | REST APIs | Node.js | PostgreSQL | Redis | Elasticsearch | Web Performance | Component Architecture | Design Systems | Agile/Scrum | Team Leadership | Cross-functional Collaboration | Mentorship | CI/CD | Unit Testing | Web Accessibility (WCAG)
